## TBM/Schools program

Therapeutic Behavior Management is a 6-10 hour course in crisis prevention and verbal intervention skills, with versions for elementary, high school, and foster care. TBM is designed to help staff sharpen the skills and judgment to:

- (1) Identify signs of dangerous behavior, separating deliberate misbehavior from emotional issues.
- (2) Prevent or manage minor misbehaviors without engaging in unnecessary power struggles.
- (3) Understand the impact of stress and trauma on student behavior, then calm emotional situations.
- (4) Recognize and respond to potentially volatile situations with calm redirection and removal.
- (5) *Safely control dangerous situations with safe holds and escorts (requires additional training).\**

**"I really feel fortunate to have learned from Dr. Parese, someone who always has the students' best interest in mind while also keeping the staff safe."**

**Denise Redmon, School Psychologist  
Washington, DC**
